PRICE THREE CENTS

TO CLOSE SCHOOL AT REGULAR TIME

Coaching Teacher to Be
Added to Elementary Staff
Next Year.

TAXES NOT INCREASED

Despite fears that the recent closing of the local schools, due to the epidemic, might result in a later closing, the School Board, in its regular meeting Monday night voted to end the session as usual. The final day will be June 18. Commencement probably will be the day before.

Monday, May 31, will be observed as a holiday in the schools, so as to give the students a chance to participate in any local Memorial Day celebration which might be held on that day.

An important addition to the faculty will be made next year, following a decision to employ a coaching teacher, not assigned to any class or subject. The duties of this teacher will be to study all children who are not getting along in classes and to give them special coaching. She will also aid precocious students to skip a class without missing any work in so doing.

In commenting on the new move, Leroy A. King, secretary of the board said, "This is in line with modern developments in education. The present tendency is to take proper care of individual differences in the children."

The new teacher, who has not yet been chosen, will be a highly trained, highly salaried instructor. Although assigned to the elementary grade, she will be paid on the Junior High School scale. She must be a trained psychologist, able to diagnose cases of retarded work and to help in keeping each pupil up to the standard of the class.

In addition, she will become a regular substitute, so that in event of the absence of any regular

REPRESENTATIVES AT BUS HEARING

Narberth Sentiment Divided
on New Route Through
South Side.

MAY GRANT PETITION

Two groups of petitioners, one protesting, the other advocating the amended bus route proposed by the Philadelphia Suburban Transit Company appeared at a hearing held in Philadelphia City Hall last Thursday before the Public Service Commission. Testimony showed that the proposed new route was no nearer an amicable solution than the first suggested some months ago and which would run down Wynnewood avenue, through Merion and Wynnewood to Ardmore and Bryn Mawr.

Commissioner Berr presided at the hearing, assisted by Commissioner Stewart. At the conclusion of testimony they announced that decision would be reserved until they had time to inspect the route of the proposed line.

The amended application now before the commission calls for a line from Sixty-third street and Lancaster avenue down Wynnewood avenue in Merion to Wynnewood road, Narberth, out this to Montgomery pike and then to Bryn Mawr over the present route.

Commissioner Berr in opening the hearing stated informally that the board had not decided against the first application for a route through Merion and Wynnewood. "A new hearing is being held," he said, "because there was such a protest at the last meeting and we want to satisfy all parties concerned. It has been suggested that another route might be more feasible."

Attorneys in close touch with the fight believe that the service body is favorable to the granting of the application for the new bus line. It is a 50-50 proposition, they declare, with just as many petitioners for the line as there are against it.

L. C. Richardson, of Wynnewood avenue, Narberth, appeared at the hearing to represent 25 petitioners along that street who were opposed

"THE BELLS OF BEAUJOLAIS" TO BE PRESENTED IN NARBERTH NEXT WEEK

Talent Galore Will Be Seen in Last and Best Production by
the Junior High School.

To Narberth will come on April 30 a troupe of comedians, dancers and singers unsurpassed by any group of talented artists who have appeared here in recent years.

These actors have taken a long sea voyage from the Isle of Beaujolais, off the coast of Normandy, France, to Narberth to present to its citizens the melodious airs, folk dances, juggling and wrestling acts of their native village, Beaufleur. Duke Augustus, of this isle, has brought with him the fair Countess Marie to lighten the trip.

To the group of French nobility and peasantry has been added an American yachting party with its vigilant chaperon, Aunt Sara, and its gallant host, Mr. Bender, to make the troupe really cosmopolitan. The American girls, Belle and Phyllis, with their devoted swains, Larry and Tony, are exponents of the latest dance hits and song patter with real Broadway atmosphere. The rollicking humor of the yacht owner is cunningly contrasted with the staidness and decorum of his English valet, Harkins.

Not only are these players skilled and finished in their technique, but to render their show more attractive they have added to the latest Parisian styles the picturesqueness of the Norman folk costumes.

All of these attractions will be found in actors and actresses strangely familiar to the people of Narberth, for they will appear in the musical two-act play, "The Bells of Beaujolais," to be presented by the pupils of the Junior High School on Friday evening, April 30, at 8.15 o'clock.

As this will be the last production of this type ever attempted by the school, it bids fair to be the best and most finished work ever given by the pupils of the Narberth Junior High School. The play is designed primarily as a school project in which both teachers and pupils have a share. It is presented to the public as an example of school team work on the recreational side and partly to obtain funds for the support of club activities.

Under the able direction of Miss Fricke, the music teacher, the songs and choruses have reached that acme of perfection rarely excelled by professional singers. Mrs. Elsbree, whose ability as a dramatic coach is traditional in the school and whose keen discernment enables her to discover and develop latent histrionic talent, is working with her usual success upon speaking parts. With Miss Church to devise the clever and intricate steps the dances have been made to rival, in their gracefulness and quaintness, the charm of the famous Denishawn productions. With Miss Eames as the clever and versatile wardrobe mistress who has planned the charming and unusual costumes, and Miss Jantzen as art director, who has so naturally produced the atmosphere of a quaint French village in Maytime, the background and settings of the play are given an authenticity not always accomplished by professional artists. To Miss Fox, a first grade teacher, enough credit cannot be given for her untiring efforts at the piano, without which the musical numbers would not have reached their present state of perfection.

To meet requests that have been made in the past for reserved seats that need not be occupied until 8.15, 100 of the choicest have been set aside at 75 cents. The general admission has been fixed at 50 cents. Tickets may be obtained from pupils, at the door, or upon application to the office of the school either by mail or in person.

Don't miss this charming two-act operetta, "The Bells of Beaujolais," to be presented by the Narberth Junior High School on Friday, April 30, at 8.15 P. M. in the school auditorium!!

A card party for the benefit of the building fund of the Women's Community Club will be given on Friday evening, May 7, at 8.15 o'clock at the Y. M. C. A. Building. There will be tables for bridge, five hundred and pinocle. Tickets, 75 cents, including refreshments.

RECOMMEND HESS

Township Treasurer Peter C. Hess was unanimously recommended for election as president of the Lower Merion and Narberth Republican Association at a meeting of the executive committee of that organization held in the township building at Ardmore Friday evening. The position was made vacant recently by the death of W. A. L. Barker, township Republican organization leader.

The actual election of Treasurer Hess will probably take place at a meeting of the Association which will be held tonight in the township building.

NEWLYWED BARITONE TO SING HERE NEXT MONTH

Philip Crawford in Lutheran Musicale May 13.

Narberth music lovers will have an opportunity to hear a leading baritone and extend to him felicitations upon his marriage on the evening of May 13, when Philip Crawford will sing at the musicale to be held in the Sunday school room of the Holy Trinity Lutheran Church.

This concert was originally scheduled for May 7. Mr. Crawford consented to appear before the date was set. When he was told that May 7 was the appointed evening, he said:

"I'm very sorry, but that happens to be the date set for my wedding. If it is agreeable, I wish you could postpone the musicale, as it is not customary to postpone weddings."

The committee in charge of the concert gladly agreed to postpone it to May 13. So on that date Mr. Crawford will make his first public singing appearance as a happy bridegroom.

Mr. Crawford is prominent in Princeton musical circles, being president of the Triangle Club and leader of the University Orchestra. He also is a member of the quartet of the First Presbyterian Church of Princeton.

Mrs. Mildred Warner Bailey, member of Mrs. Philip Jenkins' quartet and a popular soloist of Narberth, will sing several numbers at the Holy Trinity Church musicale. The Misses Middleton and McLinn, of the Princeton Conservatory of Music, will play duets for two pianos.

SPRING LUNCHEON

League Members to Hear From Candidates.

The Montgomery County League of Women Voters will hold their annual spring conference and luncheon on Thursday, April 29, at the Whitemarsh Valley Country Club.

The conference will be held from 11 A. M. to 12.30 P. M. at which time luncheon will be served and the candidates will speak immediately afterwards. National, State and county candidates of all parties, for all offices, have been invited, which assures a most interesting afternoon.

The price of the luncheon is \$1.25 and is open to women who are not members of the League, but are interested in informing themselves about the candidates before the primary election.

A number of automobiles will make the trip from Narberth, and it is hoped all who desire to go can be accommodated.

Penn Relays Take Spot Light as High Stakes See Chance for Team

The Penn Relay Carnival in which Lower Merion High School has been a participant for many years is claiming its annual share of popularity with the Maroon and White student body. The contests today and tomorrow will tell the strength of the numerous high and prep school relay teams of the Eastern States for the coming season. Many tickets have been sold and a goodly number are expected to occupy the Lower Merion rooting section.

Saturday afternoon will find the Ardmore lads in a special event composed of city and suburban high school teams. Norristown

LIBRARY TO MOVE INTO NEW HOME

Plans Announced for Ceremony of Opening Community Building.

TO TURN OVER KEYS

Plans are nearly completed for the opening of the new Community Building on the playground next Saturday. The program of dedication will take place at 4 o'clock. The affair will not be a formal one, but will be widely attended by residents and officials of the borough.

Mr. A. C. Shand for the directors of the former Y. M. C. A., who donated the money for the building, will turn over the keys to Burgess Henry A. Frye, who will in turn give them to the three organizations to make their homes in the building. The structure will first be accepted by the Recreation Board, who will be in charge of its administration.

Short speeches will be made by those in charge of the dedication. When the keys are delivered, Miss Anna MacKeag will respond for the library, Mrs. Ruth H. Nash for the Girl Scouts and Commander Arthur W. Burns for the American Legion.

Council, the School Board and all residents of the borough have been invited to attend the dedication of the building.

Immediately following the dedication exercises the members of the Board of Trustees of the Library Association and the members of the Staff of Librarians will hold a public reception in the new library quarters.

An invitation to attend this reception and inspect the new library equipment is hereby extended to all citizens of Narberth and vicinity, and especially to all members of the association.

The new shelving will all be in place and the books arranged. It is also hoped that the new furniture, which has been ordered and is now on its way from the factory to Narberth, will have arrived by that time and will also be in place.

So that everything will be in readiness for the dedication and reception, the library will be moved from the old quarters of the Y. M. C. A. building to the new building next Friday. It will therefore be necessary to close the library all Friday and in the evening as well. The association regrets that this closing is necessary even for one day, but feels sure that the members and patrons will fully appreciate the situation.

The new library quarters will be open for the first time for the borough.

HOME FROM ABROAD

Mr. and Mrs. Robley A. Warner, of Narberth, and Mr. Warner's sister, Mrs. Emily Warner Guss, of Brookline, were among the passengers on the S. S. Majestic, which docked at New York on Tuesday last.

Their tour included a cruise of the Mediterranean with visits to many of its ports and an overland trip through Europe of Italy, Switzerland, France and England.

They report among the outstanding features of their tour was the trip to Luxor, where they visited many ancient temples and tombs of the kings including that of King Tut-an-kh-Amen's and the return trip by steamer up the Nile of 500 miles to Cairo.

All appear well and much benefited by their experiences.

COLD DELAYS CLEAN-UP

Clean-up week, which was to have begun in Narberth on April 25, has been postponed by the borough officials until the third or fourth week in May. The late spring is given as the cause.

The cold weather which prevailed the greater part of April has caused Narberth householders to keep furnaces working later than usual. Collection of ashes has continued heavy and this has tied up equipment needed by the borough in its clean-up week program.

QUOIT PRACTICE TODAY

New Athletic Association in Lantwyn Lane.

A new athletic association has been formed by the Lantwyn Lane Association at a meeting held Wednesday evening, April 7, at the home of Mr. Walter Nash. Grounds for trap shooting and other sports have been offered for use of the association by Mr. R. J. Nash.

The first quoit practice of the season will commence this Saturday.

The next meeting of the association will be held May 5, at the home of Mr. Walter Knauer. Lantwyn Lane boosters are pleased with the new lanterns which have been lighted at the ends of Lantwyn lane and Meeting House lane.

OUTDOOR CONCERT

Coming May 29 to Bryn Mawr Polo Grounds.

One of the best outdoor programs ever staged in or near Philadelphia will be given by the Main Line Music Festival on the Bryn Mawr Polo Grounds, Saturday evening, May 29. It will outrival all previous efforts to present to Main Line music fans only the most celebrated talent obtainable. Boxes and reservations are invariably sold out long before this annual event takes place.

The names of the artists to be presented on the 29th will be announced within the next two weeks. One feature which will cause a gasp of anticipation is the engaging of the world's greatest tenor since Caruso.

Proceeds will be divided between the Merchant Marine Library Fund, located in the Seamen's Church Institute, and the Chapin Home for the Aged Blind. There are several institutions for the poor, and some that admit the blind within a certain age limit, but only the Chapin Home cares for the aged who become blind and are afflicted for the remainder of their lives.

SEVERAL FIRES

The local company was called out to quench several blazes during the past week. Last Friday at 2 P. M., a field at Wynnewood Manor was the scene of action. At 3.30 the siren called the company out again. This time it was a woods at Gulph and Haggy's Ford roads.

On Sunday at 10 P. M. a roof fire at the home of L. L. Belknap, Wynnewood and Sabine avenues, was extinguished with but \$50 of damage. Tuesday at 8.45 the local firemen went to Cherry Lane, Wynnewood, to assist the Merion Fire Company with a serious blaze at the home of A. C. Sloat. The house, in the recently finished English Village, was badly burned in the third floor, in addition to being damaged by water.

Wednesday evening at 9 P. M., Narberth was one of three companies called to Flat Rock road, West Manayunk. There they found a resident calmly burning a field, under the watchful inspection of the West Manayunk department. Some overly zealous friend has turned in an alarm.

Thursday at 12.30 noon, fire broke out among the famous rose bushes on the railroad bank at Merion station. The Narberth firemen were called.

MINSTRELS SUCCESSFUL

Nearly a thousand was the attendance at the annual minstrel show at St. Margaret's on Wednesday and Thursday of last week. The players gave what has been described as the greatest of these affairs yet staged.

Three new players, who have come to Narberth since the last production, were received with much applause. They are J. S. Dougherty, S. H. McCartan and H. J. Morell. "What for Pinafore," a travesty on the famous comic opera by Gilbert and Sullivan was the principal feature.

TENNIS SEASON TO OPEN TODAY

Final Dance of Winter Series
Held With Many Pres-
ent Friday.

COURTS ARE IN SHAPE

A small but very jolly crowd attended the last Tennis Club dance of the season. And in the immortal words of Ring Lardner, or Jay House, or someone of that ilk, they were "a bunch of lucky stiff."

The music was furnished by those dispensers of high-stepping tunes, "Gilpin's Entertainers," and these are real entertainers. They are there with the music, but that doesn't tell the half of it. George, Jr., has a trick bass drum, decorated inside and out with silhouettes that look as though they had been cut out by the censor.

And you wouldn't believe it, no, sir, but that drum folds up and is stowed away in a box that looks like a glorified vanity case.

The new committee took charge of this dance, and now for the first time in several campaigns Jack Wine retires to private life. However, he couldn't let the last opportunity go by to get something out of the job he has held so long, so he tried to slip his wife the prize that belonged to the holder of ticket number eight.

The new committee, of whom are expected large things and who are anxiously appealing to all people in the town for support and attendance at the dances, are Ronald Paige, W. J. Mackay and Dick Kenno.

Everyone will hear further from them this summer. Already their fine hand was seen at the dance, for they disclosed a novelty feature. This was a soccer match between the Gentleman of England and all the others. The Gentleman of England carried off all the honors and the football, which was a cake of ice.

But the ending of the dance season brings the opening of the tennis

JUNIOR CLUB HAD AN ACTIVE WEEK

Entertain Seniors at Bridge
and Hold Interesting
Meeting.

SENIOR CLUB NOTES

Last week was a busy one for the junior section of the Narberth Community Club. On the evening of April 14 they gave a party at the home of their chairman, Mrs. Horace McConnell, when the executive board and board of directors of the senior club were guests. There were seven tables of bridge, and after an evening devoted to this pleasurable pastime with its attendant chatting about all manner of subjects, the juniors felt that the evening resulted in their becoming executives of the junior organization.

The regular meeting of the club was held the following evening at the Y. M. C. A. with about 15 guests present. After the business meeting there was a discussion of the biennial convention to be held at Atlantic City from May 24 to June 6. The president urged as many girls to go as could possibly arrange it. Mrs. Harry Jacobs has offered her cottage for sleeping quarters for any of the girls who care to make use of it.

The first speaker of the evening was Mrs. Jacobs, who was introduced as the Montgomery county chairman of juniors. She spoke particularly to the guests and gave a very illuminating talk on the object of junior clubs, and told how the first junior clubs were formed by seniors who saw the necessity of having the girls trained in club work so that they can take the reins from the seniors in the future and run the senior clubs in a parliamentary manner.

Mrs. John V. Huber, Jr., vice chairman of the County League of Women Voters, was the next speaker. Mrs. Huber spoke on the subject nearest her heart, which was "Citizenship." She told what the League was for and why it is necessary to have an organization of this kind to keep us informed as to what

SOME CHANCE OF NEW MERION BUS ROUTE

CONTINUED FROM THE FIRST PAGE

to the bus line. A number of Merion residents, owners of property along the proposed route also appeared to protest, as did James F. Hagan, as attorney for the Merion Civic Association.

The Borough of Narberth also entered protest, being represented by Burgess Henry A. Frye and Councilmen Griswold and Hall. W. H. Lamb, of the Wynnewood Civic Association, who spoke against the line at the first hearing, was present.

The Merion group declared Wynnewood avenue was too narrow for bus traffic. They also said the majority of the Merion streets entering on Wynnewood road were dead end streets and made dangerous intersections which would be made more perilous by busses.

Narberth's representatives declared themselves opposed because of the narrowness of Wynnewood road along the edge of Narberth and because of the danger to children which busses would create there. They also called attention to the railroad tunnel which the proposed line would have to go under at the intersection of Wynnewood avenue and Wynnewood road and declared it highly dangerous.

Maurice W. Sloan, attorney for the bus company, presented three witnesses for the application. One was W. Gordon Smith, Overbrook real estate man, another was J. Baird Caldwell, who testified for 75 South side residents of Narberth, who had signed a petition urging the commission to grant the application. The time saved by the busses for those who wished to go to West Philadelphia and the Fifty-second street shopping district was the argument made in favor of the lines.

A petition for the line had previously been presented by Wynnewood Manor residents.

The Lower Merion Township Commission at a meeting a month ago went on record as apposed to both the new and the first routes proposed, but no representative of the township appeared at the hearing last week.

The Philadelphia Suburban now conducts two bus lines in Lower Merion and Narberth. One is a short line from the Bala trolleys through Cynwyd to Narberth. The other is a line from Sixty-third street and Lancaster avenue, up City avenue, Bryn Mawr avenue and Montgomery pike to Bryn Mawr.

season and you can bring your racquet and tennis shoes to the club house today, for our perennially blossoming grounds committee promise to have the courts ready for the players by the end of this week.

Now prepare, all you town folk, for the opportunity so many have been hoping for. The club is going to have an open day for all those men and women who have never played tennis but have an idea they would like to try it.

Monday, May 31, has, by order of the president, been set aside and dedicated to all and any who have the urge. The members of the club are to be hosts and will provide the racquets, balls, courts, nets, shower baths and maybe refreshments.

Already there have been new clusters of names added to the list of active membership and the probabilities are that the list will soon be complete. The courts have come through the winter in the best of condition and very little work has been necessary to put them in shape for playing.

The membership committee, of which Harold C. Fenno is chairman, all expect to be at the club Saturday and will welcome any strangers who may come out.

class teacher a substitute familiar with the school and its work can take up the teaching with a minimum of lost time.

The Board voted to make the tax rate the same as last year: 19 mills on valuation and a flat \$5 per capita tax. The budget, which will be passed next month, calls for an expenditure of over \$97,000 during the coming fiscal year. Of this sum \$13,000 is given by the State. Included in the budget is an item of \$500 for the Community Library and \$400 for the school library.

Numerous changes in the building, principally in the location of some of the class rooms, are to be made during the summer. The domestic arts equipment will be moved to smaller room on the first largest and best class rooms for general use.

The school library will be moved to one of the smaller class rooms, instead of remaining in the teachers' rest room as at present. Chairs and tables will be added, so that the room may also be used as a study and reference hall. Mrs. Elsbree is in charge of the cataloguing and arranging of the of the library.

The new manual training department will be located in the basement. Tools and equipment are now being secured. The old library room will be converted into a dispensary and headquarters for the new school nurse. The new coaching teacher will have her headquarters in the rest room in the new building.

The extensive changes in the old building have been made possible by the decision to send the ninth grade to Lower Merion. Three much-needed class rooms have thus been released.

our Government is doing and to tell us how we can help toward making a better Government by selecting the best type of men for our representatives. She ended by urging everyone to go out and vote at the primaries and to join the League and make use of its statistics in determining our choice of candidates.

The program ended in a lighter vein with the able presentation of a play, "The Cookie Jar," by Mary Chalfont and Mary and Dorothy Digby.

After the serving of refreshments the meeting adjourned, to meet on April 29. Several new members were accepted and it is the desire of the juniors that any girl between the ages of 16 and 28, who is interested in the club, will join at the next meeting.

Community Club Notes.

The Women's Community Club will hold its annual election of officers on Tuesday, April 27, in the Y. M. C. A., at 2.30 P. M., daylight saving time. The music committee has been most generous this year in doing its part for almost every program. This week it is giving us the whole afternoon. Our neighbor, Miss Dorothy Johnstone Baseler, of Cynwyd, whose fame as a harpist is constantly increasing, will divide the program with Miss Florence Haenle, violinist, who is not unknown in Narberth. One of our own girls, Miss Evelyn Patten, will give readings. Those who heard Miss Patten in the club's recent radio program will be glad to have another opportunity. Altogether, it will be very much worth while to make a special effort to attend this, the last regular meeting of the year.

The hospitality committee's last card party on April 20 was quite up to their standard. What more can one say? The one trouble with this committee is that their enthusiasm and appetite for work has set a mark that their successors must struggle to reach.

When one club woman meets another it may be years before it comes so other these days, the question is: "Are you going to the biennial?" near again. Are you going?

JUNIOR HIGH SCHOOL NEWS

On Friday our relay team, composed of Howard Claypoole, Robert Vallette, Edward Peters and Randolph Keim, competed with 17 other schools in the Pennsylvania Relays held on Franklin Field, Philadelphia. The competition was much greater this year than last for there were twice as many competitors and some of the leading schools in this part of the country were running. We were slightly handicapped, also, because we had an entirely different team this year than last, for the fellows who

made up the team last year were graduated last spring.

In assembly on Friday we were given several plays by the French class; among them were "Le Dindon de Noel," "La Petite Chaperon Rouge" and "Le Trois Ours." A Latin-French-English play entitled "In Gallia" was presented by the ninth grade Latin class; Emma Lentz recited a French poem, and an original dance was given by Evelyn Jefferis and Bernice Piercy. A speaker from the Sesquicentennial headquarters was in assembly on Friday. He spoke to us about the things they are accomplishing and the exhibits they are planning at the exposition. This talk was given especially for the ninth grade, for a number of the pupils are writing about the Sesqui for the Daughters of the American Revolution who have offered prizes for the best three essays.

On April 16 our baseball team was beaten by the Norristown Junior High School at Norristown by a score of 15 to 8. The batting of George Torchiana and the catching of Dick Gallagher were the features of the game. Torchiana had a home run and a three bagger. Costly errors constituted the main cause of the defeat. However, we expect to beat them when they visit us on May 15.

Don't forget to read about the operetta on the first page.

FIRE!

Not a Pleasant Cry to Hear in Your Household at 3 A. M.

Will a Blazing Roof cause you to summon the fire companies or will you protect yourself by using fireproof roofing?

Roofing slate is a cut stone which is as fireproof as a stone or brick wall. Shingles made of asbestos and cement are also fireproof.

Do not use substitutes which are recommended as being fireproof, as a paper composition roof will not resist fire.

When your house needs re-roofing, let us submit an estimate on a strictly fireproof job.

INVESTIGATE the true qualities of any so-called fireproof roofing before placing your order, as the new roof may be more dangerous than the wooden one now on your house.

We Recommend Slate or Asbestos

FIRST SENTENCE BY NEW JUDGE IS FOR 10 MONTHS

Another Prisoner Gets 18 Months for Stealing Shoes—L. M. Youth Up.

A sentence of 10 months for the carrying of a concealed deadly weapon and of 18 months for the stealing of a pair of shoes were among those made last week by Judge Harold G. Knight in Norristown, the first since his appointment to the county bench. The jurist was named recently to fill the vacancy caused by the death of Judge John Faber Miller, of the Montgomery County Common Pleas Court.

The defendant on the first charge was Ralph Yardamanco, who pleaded guilty to going armed and uninvited to a birthday party of Joseph Bisignaro in West Manayunk. Policeman Adamson, of the Lower Merion force, who made the arrest, testified that the young man was drunk.

"Men who go to parties uninvited and with a gun in their pockets go there for no good purpose," declared Judge Knight in sentencing Yardamanco. In addition to the 10 months, the youth was assessed a fine of \$10 and costs.

William Price, who pleaded guilty to entering a bungalow on the Perkiomen and stealing a pair of shoes was also fined \$10 and costs and given 18 months in the county jail.

William Collins, accused of breaking into a number of houses in Lower Merion, was sentenced by Judge Knight to Huntingdon Reformatory. The sentence of William McGee, a companion, was held under advisement.

POLITICAL COMMITTEES

One for Pepper-Fisher Slate and One for Pinchot Formed.

At a meeting of manufacturers, professional and business men of all sections of the country held at the Norristown Club Saturday night, the "Citizens' Committee" elected officers for the coming primary election and indorsed the Johnson organization ticket supporting Fisher for Governor and Pepper for United States Senator.

Franklin L. Wright is chairman of the committee; John A. Longacre, treasurer, and B. Brooke Barrett secretary.

Organization of the Pinchot-for-Senator Montgomery County Committee has been announced by William S. Buckland, county Pinchot leader. The officers chosen are:

Chairman, Mr. Buckland; vice chairman, Miss Helen Corson Livesey; treasurer, Adolph Muller, secretary, Dennis J. O'Neil.

The Pinchot leader said the committee personnel will be completed in a few days and will represent all sections of the county.

START BRIDGE JUNE 1

Final plans and specifications for the new \$73,000 concrete bridge for Montgomery pike over the Pennsylvania Railroad tracks at Cynwyd station were approved by railroad officials Friday and an appropriation for the work was made this week by the directors of the road. Bids are expected to be received within 10 days.

Do Not Be Deceived Concerning The Real Issue of This Campaign— You or Vare-ism

Republican Primary—May 18

The Vare-Beidleman Combine seeks to seize a United States Senatorship and the Governorship of Pennsylvania, and fasten the grip of commercialized politics upon you, your community and the entire State.

VARE-ISM MEANS CONTRACTOR GOVERNMENT, THE SPOILS SYSTEM, BOSSISM, EXTRAVAGANCE, WASTE, AND INCREASED TAXES.

Shall the Vare-Beidleman Combine control your Legislature and State Administration and direct the spending of your money? Think of the big highway contracts, the great educational program, and the other vast expenditures to be made during the next four years! Are your roads, your schools, your hospitals to be the spoils of politics?

Shall Vare be your spokesman in the United States Senate?

RETENTION OF HON. GEORGE WHARTON PEPPER in the United States Senate means able and experienced representation of you and your State by a Senator equipped to meet every requirement, and who is in complete accord with the policies of Coolidge and Mellon.

HON JOHN S. FISHER, candidate for Governor, knows the needs of the State. His record of public service guarantees a clean, efficient administration. He stands for obedience to law and a full return for every dollar spent by the State.

GAS WATER HEATER

HEATS WATER :: STORES IT
KEEPS IT HOT

Not a moment to wait—not a step to be taken. Nothing to light or put out. When you want hot water, there it is.

This heater runs itself without attention. Economical, too. Heating flame burns only a few moments at a time; the insulated tank keeps water hot for 12 to 15 hours. This tank is made of Armco Iron. It will not rust and stain the water. Outlasts three tanks made of ordinary iron.

The water does not get too hot or too cool. Temperature is controlled by a thermostat that causes heating flame to light when it is needed, and then go out instantly when water is just hot enough.

PHILA. WAS METROPOLIS
OF U. S. 100 YEARS AGO

Philadelphia in 1825 was "the metropolis of America," the centre of its banking interests, a port of world-wide note and a growing industrial congeries, indicating its future importance as a manufacturing community. Men sent their sons from other parts of the country to follow the example of the old merchants of the Quaker City and to make their fortune in the trade which Philadelphia carried on with the interior.

One of these, who came here in 1825, Gideon Burton, and who, after nearly a quarter-century connection with one of the best-known dry goods houses on Market street, left here to go to Cincinnati to continue in the business there, in his old age wrote a book of reminiscences which gives an interesting "close-up" of the city as it was when he came here just a century ago.

In those days many visitors to Philadelphia put up at the fashionable boarding houses that filled the centre of the city, and it was at one of these on Market street, kept by a Quaker lady named Milner, that Burton first resided. Later he moved to a place on Seventh street below Arch. Here, he narrates, he used to get up at 4 o'clock in the morning so as to study his lessons and prepare for his quiz by a neighboring pedagogue.

He then hurried down to the riverfront to cross to Smith's Island, off Market street wharf, where he took a morning dip and then back to the shop to sweep out, run errands and wait on customers with the promise that when he made his first \$500 sale he would be presented with a blue surtout coat, with brass buttons, cut by one of the fashionable tailors.

The city was plentifully supplied with churches but hardly any of the churches, Burton noted, had steeples, Christ Church being the only Episcopal edifice with a steeple and the Arch Street Presbyterian, above Tenth, being the only one of that denomination to have a marker of this sort.

The organ was then a novelty in churches, congregations being divided in opinion as to the admission of this "alluring device of the devil." The only Presbyterian congregation, he notes, that had an organ was the one which assembled in the old church on Ransstead Court, whose site is now covered by the Bourse.

"BANK JUMP" NEW STUNT
FOR DEVON HORSE SHOW

Entries From All Over Country and Canada Reported by Committee.

The Devon Horse Show and County Fair to be held May 26 to 31 will be larger than any previous show, according to William H. Wanamaker, Jr., of Merion, a member of the committee which is preparing for the meet.

Extensive preparations are already being made to receive exhibitors throughout the country who have signified their intention to compete for turf honors. Hunters and jumpers will be, as always, a prominent feature of the meet, and Isaac H. Clothier, Jr., has announced that several Canadian entries, as well as a long list from the United States, will come to Devon to take the jumps over the "outside course."

An innovation, in the "bank jump," which takes the mount over a sodded mound three feet high and nearly eight feet across, to bars on the far side beyond which is a five-foot drop to earth, has been added to the difficult fence and water jumps on this course.

LUDLUM RECEIVER

Of Bankrupt Radio Manufacturers and Jobbers.

David S. Ludlum, former president of the Autocar Sales Company, and Melville G. Baker, president of the Penn National Bank, have been appointed temporary receivers of the Music Master Company, radio manufacturers and jobbers, following their failure last Saturday.

Three creditors, all of Philadelphia, with claims totalling \$21,171, instituted the involuntary bankruptcy proceedings. Following this the Court appointed the temporary receivers, under a joint bond of \$50,000. An application for a permanent receivership will be made later.

The counsel for the creditors estimate the liabilities to be in the neighborhood of a million and a quarter, with possible assets of a half million.

THE FIRESIDE

Miss S. Lucia Keim, daughter of Mr. and Mrs. Hervey C. Keim, of Dudley avenue, has been elected a member of the Phi Beta Kappa honorary fraternity. Election to its membership is based upon high achievement in scholarship and is the greatest academic honor conferred by any college on undergraduate students.

Mrs. Sallie Lowrey, 217 Hampden avenue, spent the week-end with her brother, Mr. Samuel Dickie and family at their home, Hillside farm, Glen Riddle.

Mrs. Arthur Goldsmith, of Montgomery avenue and Mill road, entertained at luncheon and a progressive party for her young daughter, Carlyn, on Saturday, April 17. Invitations were for 25.

George M. Curry has returned to his home in Pittsburgh this week after a visit of several months with friends in Narberth.

Mr. Edward Anderson and family, of Dudley avenue, have purchased a new home on Anthwyn road.

Mr. and Mrs. Ed Peters and sons called on Mr. Dickie on Sunday at Hillside Farm.

On Monday, April 19, the North Ardmore branch of the League of Women Voters were entertained at a meeting and tea at the home of Mrs. Arthur Goldsmith. Mrs. J. Aubrey Sutton presided, and Mrs. John Huber, Jr., gave a very clear and understanding account of all the nominees for the ensuing primary election.

Mrs. W. M. Sibley, of Haverford avenue, is suffering from an attack of the gripe.

Mrs. Hugh W. Brown, of Woodside avenue, entertained her Bridge Club on Thursday.

The Bridge Club, comprising the following members, will hold a progressive dinner on Saturday evening at the homes of the members: Mr. and Mrs. Walter Wild, of Cynwyd; Mr. and Mrs. James Laughlin, Mr. and Mrs. D. Warren Wright, Mr. and Mrs. K. W. McHose, Mr. and Mrs. Royal D. Thomas. All of these will each serve a course and the evening will close with cards at the home of the other two members, Mr. and Mrs. J. S. Harris.

WELL-EQUIPPED LIBRARY ASSURED THROUGH DRIVE

Small Additional Amount Needed
For Furniture.

Thanks to the generosity of Narberth citizens and institutions the Community Library, when it moves into its new quarters on the playground next week, will have not only new shelving for the books, but new reading tables, desks and other standard library equipment. That is, the new tables, desks, etc., have been ordered and it is hoped that they will have arrived in time for next Saturday's dedication of the new building and the library reception.

Originally it was planned to raise only enough money to buy the new shelving. But contributions came in so generously that the trustees began to hope that perhaps enough money might be raised to also buy new reading tables, desks, etc. Then numerous interested citizens began suggesting that with a new building, and new shelving, the library should also have as much other new equipment as possible; a number of contributions being made specifically for the reading tables. Thus encouraged, the library went ahead and ordered the additional equipment.

During the past week the fund reached and passed the original \$1000 goal. The fund is still climbing and other contributions have been promised. However, the fund is not yet large enough to pay for all the equipment ordered in addition to the shelving, so every person still desiring to help the library may do so in the assurance that every dollar contributed from now on will save the Library Association from using its own small earnings from book rentals in paying the balance needed for the additional equipment. The money received from the rental of books is the library's chief source of income and provides the means for the purchase of most of the new books. It is hoped that contributions will continue to come in so that the acquisition of new books will not be curtailed.

The contributions received during the past week follow:

GARA MEN! HARKEN TO THIS

On Monday evening, April 26, at 8 o'clock, you will be given an opportunity to help entertain the ladies.

First, there will be music and social entertainment for those who like that sort of thing.

Second, there will be eats for those who prefer to eat.

Next, the Rev. Jack Hart, chaplain of the University of Pennsylvania and also chaplain of the Optimists' Club of Philadelphia, has promised to be with us. If you do not care about social affairs, you need no other reason for coming out than just to hear Jack Hart.

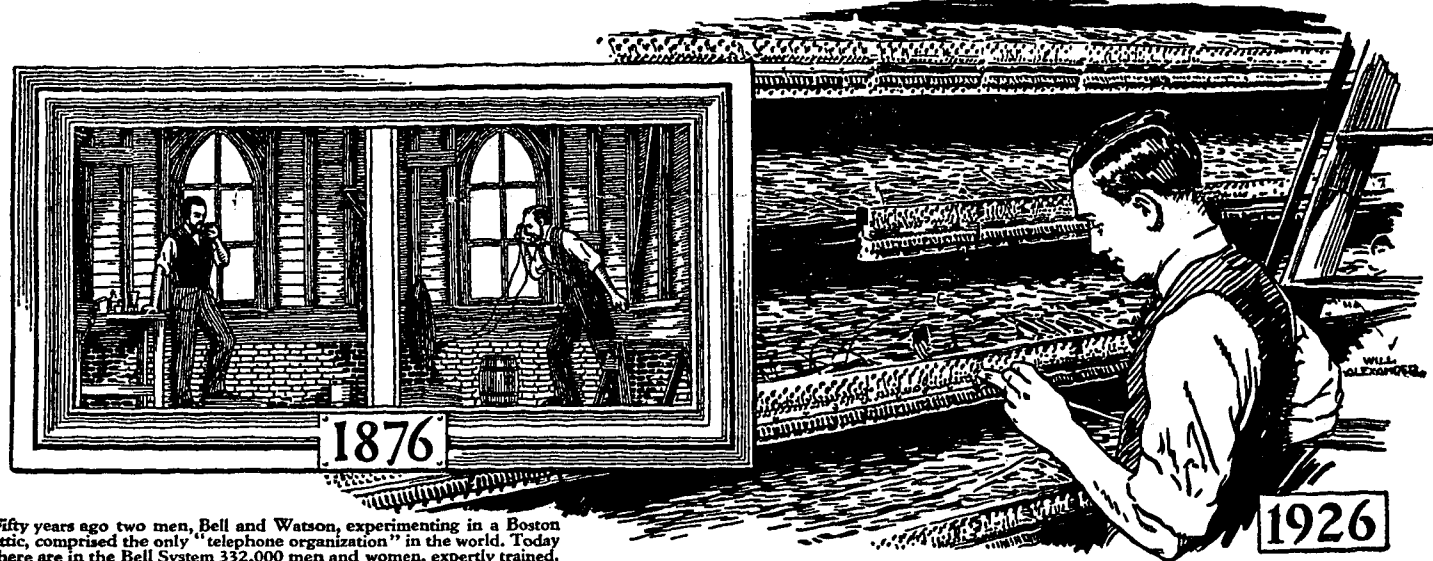

Finally, we want to bluff our better halves into thinking that we have a real men's organization in the Narberth Presbyterian Church.

TRAIN SCHEDULES CHANGE

A general change in time tables of all except several through trains will be put into effect Sunday by the Pennsylvania Railroad to conform with the adoption of Daylight-saving Time in Philadelphia, New York and other Eastern cities and resorts.

Local and commutation trains on the Pennsylvania Railroad will run approximately one hour earlier by Standard Time than has been the case while the winter schedules have been in force. This will also apply to trains between New York and Philadelphia and those to and from Atlantic City and other New Jersey resorts.

It will not apply to through trains between New York, Philadelphia and Washington, as Baltimore and Washington are expected to remain on Standard Time. A number of through trains between New York and Pittsburgh will, however, be operated on a schedule advanced one hour.

Fifty years ago two men, Bell and Watson, experimenting in a Boston attic, comprised the only "telephone organization" in the world. Today there are in the Bell System 332,000 men and women, expertly trained, who plan, manufacture, construct, maintain and operate this great system of communication.

Today—a third of a million

Two men, with scant facilities and less money at their disposal, winding coils, twanging clock springs and shouting into strange contraptions of wood and parchment, finally created the telephone.

In 1876 Alexander Graham Bell and Thomas A. Watson, his assistant, were the only two "telephone men" in the world.

Today there are twenty-two thousand Bell men and women in Pennsylvania alone.

In the Bell System there are a third of a million.

Every day brings an increase in the number of people they serve and in the volume of calls they handle.

The inherent tendency of telephone growth is to complicate the mechanisms and their operation disproportionately.

Each added telephone means more than just one more line and instrument. The problem of its interconnection with every other telephone of the System—the natural complication of the switching job as thousands and tens of thousands of new users are added, would long ago have swamped the service had constant improvement and simplification of equipment and method not more than kept pace.

Alexander Graham Bell invented the telephone. But modern telephone service is the product of a myriad of inventions, scientific and technical, which make the facility of that service seem almost commonplace.

So must it and will it continue to be.

LIBRARY MOVING DAY

Friday, April 30, All Day—4500 Books to Be Transferred.

Friday, April 30, of this year has been declared a holiday in the library. The building will be closed all day, afternoon and evening, and those who are in the habit of coming in for their week-end books on that day are asked to use the library on Thursday afternoon for that purpose. To accommodate those who cannot get out until late in the afternoon, the librarians in charge on Thursday afternoon have agreed to keep the library open until 5.30. It is hoped that many will take advantage of the extra half hour.

The holiday which the librarians are taking on Friday will be observed in moving the 4500 books from the old building to the new library on the playground. One half of the staff will be stationed at the old building to pack the books into clothes baskets, one half will be stationed at the new building to unpack them, and with the consent of the Borough Council the borough truck will provide the transportation. A few hours will complete that part of the work. The rest of the day will be spent in putting the new building in order and holding it in readiness for the next day—the day of its dedication and opening to the public. On Monday, May 5, the library will be opened for its regular work at the regular hours, every weekday except Saturday from 3 o'clock to 5, and on Friday evenings from 7 to 9.

MOVING DAY

CONTINUED FROM THE FIRST PAGE
rowing of books at 3 o'clock Monday afternoon, May 3, and thereafter will be open at the same hours that have prevailed in the old building, unless otherwise announced.

In connection with the moving of the library to the new building, it is interesting and timely to recount briefly the history of the library. It was started five years ago by a group of woman members of the Women's Community Club, in connection with the reading being done by club members under the auspices of the literature committee. In the beginning there were only 18 books in the library—just enough to fill one window sill. It was in fact a window that served as the first library shelf.

Today there are about 4500 volumes in the library, serving about 1200 patrons, and the yearly circulation is approximately 20,000.

For more than a year now the Narberth Community Library has been a public community institution in the full sense of the word—the gift to the people of Narberth by the Women's Community Club.

From the beginning Mrs. Elizabeth K. Wood has been the chief librarian, and too much credit cannot be given to her and her loyal staff of librarians for their splendid and devoted services to the library. These librarians are all volunteer workers, none of them ever having received a penny for their services.

The library is now managed and directed by the Narberth Community Library Association, of which Miss Anna MacKeag is president. Any resident of Narberth is eligible for membership in this association. There are two forms of membership—yearly and life, the fee for the former being \$1 and the latter \$25.

The library's 4500 volumes include a fine collection and assortment of fiction, history, biography, science, art, poetry, drama, many standard works of reference and current issues and files of back issues of many well-known periodicals. There is a children's as well as an adults' department, each in charge of a librarian.

All children's books are free. In the adults' department books published during the current year of the two preceding years are charged for at the rate of two cents per book per day with a minimum charge of ten cents per book. The moneys received from these rentals are immediately reinvested in still newer publications. Thus the very latest books dealing with all subjects are purchased and made available for the public's use just as rapidly as the accumulation of rental receipts will permit.

Any resident of Narberth or vicinity—child or adult—may borrow books simply by going to the library during the hours that it is open and filing his or her name with the librarian on duty at the time.

The library is open every Monday, Tuesday, Wednesday, Thursday and Friday afternoon from 3 to 5 o'clock, and every Friday evening from 7 to 9 o'clock, except on certain legal holidays, which are always publicly announced before hand.

The establishment and development of the library has been made possible by the untiring efforts of the women who have been connected with it from the beginning. But every one of these workers has stated time after time that the work has been made easier and more pleasurable to a very marked degree by the generous manner in which innumerable individual citizens and various organizations of the community have given of both their money and time to help the library. There never has been an appeal for assistance of any kind, but some citizen or some organization has stepped forward and said, "You can count on me for that." The very latest instance of this willingness to co-operate with the library was shown in the generous way in which contributions were made to the fund to pay for the new shelving and furniture.

The library will go into its new quarters with a heart full of gratitude to the people of Narberth and resolved to render to the men and women, and boys and girls, of this community an even larger and better service in the future.

MRS. SARAH JANE KEEFE

Mrs. Sarah Jane Keefe, 83 years of age, died last Friday at her home, 116 Essex avenue.

Funeral services and burial were at Chambersburg, Pa., Saturday.

Spring has been backward in coming forward, but the official prognosticator promises good weather from now on.

Heathized Sweet Cream Butter is the best by table test, sweetly fragrant when taken from the carton and just as sweetly fragrant as the last spread glides under the palate.

No fussing with tongue and lips trying to find the difference. Its character is outstanding. It wins its way without supporting discussion. Heathized Sweet Cream Butter is a table autocrat with a democratic price.
